Hi Chand:

Thank you for clarifying that you were the one proposing the Thursday meeting.

We are having a conference call with the City of Vernon, Pechiney, and AMEC regarding the EPA portion of the site remediation. From our standpoint, we are not done with the site as we need to complete our review of the reports of cleanup completion; and discuss several aspects of the remediation in context to future use of the property.

Thank you for your courtesies.

Sincerely,
Carmen
